> [5.14.0.24318](#) USB/RS-232 2024.03.20 ~New~

For Surface Capacitive / Resistive / Surface Acoustic Wave / infrared.

Please contact Sales or FAE for Projected Capacitive.

The driver is a mouse emulation driver.

If your USB interface touch device is projected capacitive type and Windows version is Windows 7 or later, we suggest you do not install this driver. There is a HID touch digitizer build-in driver in Windows 7 or later.

If your need RS-232 interface driver for projected capacitive type touch device , please contact us.

2015/08/12

If you have done Windows 10 Windows Update before 2015/8/12, you may find your touch device become single touch or lost function.

Please refer below link for recovery SOP and related utility.
